

NAZI LOWRIDER

Nazi Lowrider Car Club of Southern California Membership Rules and Policies

AGE REQUIREMENTS

- 1.) * Must be 21 years of age or older.

ANCESTRAL, ETHNICITY AND RACE REQUIREMENTS

- 1.) * Must be of partial Non-Hispanic White descent of Western-European ancestral descent through ancestral ethnic / race origins and with no Latino / Latina ancestral descent and with no ancestral descent from any Central-American country or from any South-American country collectively referred to as **Latin-America**.
- 2.) * Must recognize that the phrase: **Latin-American** is actually an erroneous phrase that refers to **Central-American** and **South-American** countries, but there is actually nothing **Latin** about these places because they do not speak the Latin language there. They speak different dialects of Spanish, and all dialects of Spanish as well as all dialects of English have Latin-based words in them.
- 3.) * Must be part White-Hispanic / Hispanic of Western-European ancestral descent through ethnic / race mainland Spanish origins.
- 4.) * Must not have any Negroid ancestry or any black ancestry at-all-whatsoever. 90% of the Latino and Latina populations do have Negroid ancestry because they directly descend from Central-Americans and from South-Americans and many people who purport to be white also have Negroid ancestry, especially people from Southern U.S. States. Anyone with Negroid ancestry is not allowed in the Nazi Lowrider Car Club.
- 5.) * Must recognize that 99% of the Latino / Latina populations world-wide are actually part Negroid / Black and they are formally part of the Negroid / African-American communities therefore they are not 100% non-Hispanic white and technically they might not be Hispanic at all because to be Hispanic is to actually have ancestry from mainland Spain, but they might speak the language. Must also recognize that Latinos and Latinas are called Latinos and Latinas because they have ancestry from Central-American and South-American countries.
- 6.) * Must not be related to any Latinos or to any Latinas in any way shape or form.
- 7.) * Persons with any descent from Ireland, Russia or any Eastern-European country are not allowed to be members of the club.

- 10.) * Must recognize and understand that nearly all Californians / nearly all Mexicans, nearly all North-Americans, nearly all Central-Americans and nearly all South-Americans have some form of Indigenous-American ancestry.
- 11.) * Must recognize and understand what Hispanic ancestry is and what Hispanic heritage is. The word Hispanic refers to individuals within the world of Hispania. The word Hispania refers to the entire world of Spanish speakers. This means to speak a form of the Spanish language and to have ancestry from Spain in some form. Knowing and speaking the language of Spanish does not make a person biologically Spanish. Californians (of the areas that are now known as the United States), Mexicans, Central-Americans and South-Americans usually have partial indigenous ancestry of some kind and sometimes this is combined with ancestry from the country of Spain and they do speak a form of the language of Spanish.
- 12.) * Usually required to be a multi-generational Californian. Talk to Nazi Lowrider Car Club leadership.

VEHICLE OWNERSHIP REQUIREMENTS

- 2.) * Must have been brought up in the Nazi Lowrider ways and the Nazi Lowrider traditions.
- 3.) * Must recognize that Nazi Lowriders started as a play on words on the enemy Hispanic Lowrider gangs and the rival Hispanic Lowrider gangs of Southern California that were formed between the years 1960s and after, and that Nazi Lowriders are of Hispanic ancestral descent.
- 3.) * Must know and recognize the Lowrider Car Culture of Southern California and all of the differences that are between the separate Lowrider Car Cultures of Southern California.

9.) * Must recognize that: Gary Christopher Johnson will probably be on a permanent Internet network block by the U.S. Government that extremely limits what material he can look up over the Internet and this was meant to stop him from self-learning and other reasons while other people lie about him on the Internet thinking they're smart, they're not. 3.) * Entire body, mouth, teeth must be exceptionally clean at all times. Personally, I am anti-Italian, anti-Irish, anti-Latino/anti-Latina, anti-Russian and anti-other ethnicities. I come from the founders of the Nazi Lowriders...

Short History of the original Nazi Lowriders from the years of the 1970s to the 2000s:

My biological mother and a man who is my biological father were the founding members of the Nazi Lowrider Car Club and the Nazi Lowrider Prison Gang... a part Hispanic guy who is now in his 70s. Kern County in Southern California took me away from my biological parents in ~1988 when I was 2 years old after my father got into a gun fight with Crypts / Cripps / Crips gang members in Downtown Los Angeles, Los Angeles County, Southern California when I was sitting in the passenger seat of his Lowrider Vehicle. The Crypt / Cripp / Crip shot bullets into my fathers lowrider vehicle first and he retaliated on them. When my mother and my father went to jail they formed alliances with the original Aryan Brotherhood members of Southern California. My other step-father Jose joined the Vagos Motorcycle Club in East Bakersfield, Kern County, Southern California in ~1988. Growing up I was taught by Nazi Lowriders of Southern California; a few Hells Angels members of Bakersfield, Kern County, Southern California, a few Vagos Motorcycle Club members of Kern County, Southern California; a few of the original Sureños of Lamont, Kern County, Southern California.

Growing up, my biological father and my biological mother knew some Vagos Motorcycle Club members of Kern County, Southern California and we trafficked drugs all across Southern California for a few Motorcycle Clubs based in Southern California. My mother showed me to every allied gang and to every allied cartel in Southern California when I was a child to let them all know what family I belong to. When I was in third grade in the Public Education System of Bakersfield, Kern County, Southern California -- Kern County Courts took me away again from my biological Nazi Lowrider family and they officially changed my named to: Gary Christopher Johnson giving rights to my step-father who is the biological father of my biological half-sister. My dad went to prison, but we maintained contact with each other over the phone from my grandmother's estate.

When I was somewhere between the age of 2 to maybe 6 years old I was targeted and sexually molested by a female Hispanic Norteña gang member in Central-California for whom I cannot remember her name yet.

When I was 11 years old I was targeted, drugged and repeatedly sexually molested by a female Hispanic Crypt / Cripp / Crip gang member named Vida / Valveena Castro whose family are members of the Tijuana Mexican Cartel and my family were later ordered by Sureño Cartel leadership and my father: to kill a high ranking Tijuana Cartel Officer Plaza Boss in San Diego, San Diego County, Southern California. We traveled to San Diego, San Diego County, Southern California and I stabbed that Tijuana Cartel Officer Plaza Boss in the side repeatedly in San Diego, San Diego County, Southern California in front of other gang members with my biological Nazi Lowrider family when I was maybe ~11 years old or ~13 years old and either the D.E.A. took away the Tijuana Cartel Officer Plaza Boss in a van or that Tijuana Cartel Officer Plaza Boss died there in San Diego, San Diego County, Southern California.

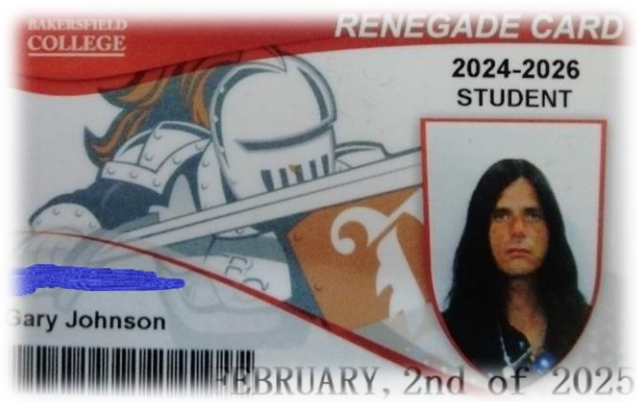

Everyone not involved seem to think that the Crips / Crypts are a primarily African-American / Black gang. Not all of them are. Most of the Crips / Cripps / Crypts gang members are Hispanic with or without African / Black ancestry. They even have their own Hispanic/Hispanic-Black Lowrider Car Club called the Druids. This ended with a truce on these issues between the Nazi Lowriders and the Crips of East Bakersfield, Kern County, Southern California and of Los Angeles, Los Angeles County, Southern California. Kern County Courts declared me mentally incompetent and mentally ill as a teenager after my mother got into a gun fight with rival gang members and then after a gun fight with a family member in Oildale, Kern County, Southern California. The gun fights were recorded and broadcasted by the news agencies of Bakersfield, Kern County, Southern California in the 1990s. My father, the founder of the Nazi Lowrider Car Club struggled to maintain legal access to me and my mother as the local county parentage documentation changed and was forced to be amended by the Kern County Courts because they conspired to kill him and cover it up, but he was able to get parentage rights again before I was 18 and the documentation proofs are still in the Kern County Courts Records. When the government kidnaps people they change around the records / parentage records / amend birth certificates and more so they can cut off the legal access from the biological family to the kidnap. The government was trying to get my father who is the founder of the Nazi Lowrider Car Club legally isolated on documented record so they could hurt him / kill him without any legal traceback to us or proof on documented record, but we did not let them do that. When a human person dies and if a body is recovered the local authorities are required to notify the next-of-kin or the next-of-relation that is listed on documented record such as the records at the office of vital records, so when the government and rival gangs conspire to kill people they will usually try to get that person isolated on a legal record where they no longer have any kind of documented legal traceback to biological family.

I was eventually kidnapped by a woman in the U.S. Navy around Long Beach, Los Angeles County, Southern California when I was about ~13 or 15 years of age after I failed an order from a high ranking Sinaloa Cartel Officer in Southern California, but the gang later fulfilled that order. I escaped and I returned to Oildale / Bakersfield, Kern County, Southern California and I was again taken away again by Kern County Courts and put in Kern County Child Protective Services where they then transferred me and placed me in a restricted home in San Diego, San Diego County, Southern California. I ran away with others and made my way back to Oildale, Kern County, Southern California where I hid out with my girlfriend until I was ~17 years old. When I was about ~17 years old I was kidnapped again by the U.S. Navy and drugged by the U.S. Marines with a machine and I was also continually drugged at different times after that through a machine or by other methods. They confused me and convoluted my memory. Somehow I made it back to Bakersfield, Kern County, Southern California. I myself was never a U.S. Military man, but I am sure they got involved because of the Sinaloa Cartel ? When I was 19 or 20 years old I was threatened by an East Coast Cop and a few pedophile U.S. Marines that they wanted to "Cut my nose off and cut my head off so I couldn't legally prove I am the person in the picture on my California ID Card" because I caught them growing opium poppies and being members of the Blood Criminal Syndicate. Then I was a victim of doppelgängers from 2008 onward who may have been seen with my family / tricked the system. I feel that the U.S. Military doppelgänger or the other doppelgänger was/were going to have me murdered / put in caustic soda / sodium hydroxide to dissolve my body and any one of them were going to slowly take over my identity and live it by getting plastic surgery / a nose job.. either him and or the other doppelgängers. Cartels know about these tricks and the east coast cops probably learned about it from the cartels here or from the bpd cop that raped my girlfriend when she was 15. Usually if there is a doppelgänger of a person one can cut their nose off and cut their ears off so that person's body cannot be legally identified by the coroner if there is a body and they can proceed to use the identity card anywhere because the agency that takes the picture of the person only takes a picture of the front of the face to put into the ID card and the angle of the picture only shows the shape of the front of the nose and the front angle of ears. Only the length of the bridge between the eyes is somewhat trustworthy to identify someone based on a clear picture.

* My doppelgängers are not in the Nazi Lowrider Car Club.. my doppelgängers are not related biologically to me or to anyone in my biological family or to anyone in my step-family or to anyone in the Nazi Lowriders in any way shape or form including my biological father the founder of the Nazi Lowrider Car Club.

* My doppelgängers did not come out of my Nazi Lowrider mother's womb.. and she is a founding member of the Nazi Lowrider Car Club and the Nazi Lowrider Prison Gang of Southern California / Nazi Lowrider Street Criminal Syndicate of Southern California.

* My doppelgängers are not related to my biological father who is the founder of the Nazi Lowrider Car Club of Kern County, Southern California and Los Angeles County, Southern California.
