Personally I am anti-Italian, anti-Irish, anti-Latino/anti-Latina, anti-Russian and anti-others. I come from the founders of the Nazi Lowriders...

Short History of the original Nazi Lowriders from the years of the 1970s to the 2000s:

My biological mother and a man who is my biological father were the founding members of the Nazi Lowrider Car Club and the Nazi Lowrider Prison Gang... a part Hispanic guy who is now in his 70s. Kern County in Southern California took me away from my biological parents when I was 2 years old after my father got into a gun fight with Crypts gang members in Downtown Los Angeles, Southern California when I was sitting in the passenger seat of his Lowrider Vehicle. When my mother and my father went to jail they formed alliances with the original Aryan Brotherhood members of Southern California. My other step-father joined the Vagos Motorcycle Club in East Bakersfield, Southern California in ~1988. Growing up I was taught by Nazi Lowriders of Southern California; a few Hells Angels members of Bakersfield, Southern California and a few Vagos Motorcycle Club members of Riverside, Southern California; a few of the original Sureños of Lamont, Kern County, Southern California.

Growing up, my father Jesús and my biological mother knew some Vagos Motorcycle Club members of San Bernardino, Southern California and we trafficked drugs all across Southern California for a few Motorcycle Clubs. My mother showed me to every allied gang and allied cartel in Southern California when I was a child to let them all know what family I belong to. When I was in third grade in the Public Education System of Bakersfield, Southern California -- Kern County Courts took me away again from my biological Nazi Lowrider family and they changed my name to: Gary Christopher Johnson giving rights to my step-father the father of my biological half-sister. My dad went to prison, but we maintained contact with each other over the phone from my grandmother's estate.

When I was 11 years old I was targeted and molested by a female Hispanic Crypt gang member named Vida / Valveena Castro whose family are members of the Tijuana Mexican Cartel and my family were later ordered by Sinaloa Cartel leadership to kill a high ranking Tijuana Cartel Officer Plaza Boss in San Diego, Southern California. We traveled to San Diego, Southern California and I stabbed that Tijuana Cartel Officer Plaza Boss in the side in San Diego, Southern California in front of other gang members with my biological Nazi Lowrider family when I was maybe ~11 or ~13 years old and either the D.E.A. took away the Tijuana Cartel Officer Plaza Boss in a van or that Tijuana Cartel Officer Plaza Boss died there in San Diego, Southern California.

Everyone not involved seem to think that the Crips / Crypts are a primarily African / Black gang. Not all of them are. Most of the Crips / Crypts gang members are Hispanic with or without African / Black ancestry. They even have their own Hispanic Lowrider Car Club. This ended with a truce on these issues between the Nazi Lowriders and the Crips of East Bakersfield, Southern California and of Los Angeles, Southern California. Kern County Courts declared me mentally incompetent and mentally ill as a teenager after my mother got into a gun fight with rival gang members and then after a gun fight with a family member in Oildale, California. The gun fights were recorded and broadcasted by the news agencies of Bakersfield, Southern California in the 1990s. My father, the founder of the Nazi Lowrider Car Club struggled to maintain legal access to me and my mother as the local county parentage documentation changed and was forced to be amended by the Kern County Courts because they conspired to kill him and cover it up, but he was able to get parentage rights again before I was 18 and the documentation proofs are still in the Kern County Courts Records. When the government kidnaps people they change around the records / parentage records / amend birth certificates and more so they can cut off the legal access from the biological family to the kidnaped. The government was trying to get my father who is the founder of the Nazi Lowrider Car Club legally isolated on documented record so they could hurt him without any legal traceback or proof on documented record, but we did not let them do that.

I was eventually kidnapped by a woman in the U.S. Navy around Long Beach, Southern California when I was about ~14 or 15 years of age after I failed an order from a high ranking Sinaloa Cartel Officer in Southern California, but the gang later fulfilled that order. I escaped and I returned to Oildale / Bakersfield, Southern California and I was again taken away again by Kern County Courts and put in Kern County Child Protective Services where they then placed me in a restricted home in San Diego, Southern California. I ran away with others and made my way back to Oildale, Southern California where I hid out with my girlfriend until I was ~17 years old. When I was about ~17 years old I was kidnapped again by the U.S. Navy and drugged by the U.S. Marines with a machine and I was also continually drugged at different times after that through a machine or by other methods. They confused me and convoluted my memory. Somehow I made it back to Bakersfield, Southern California. I myself was never a U.S. Military man, but I am sure they got involved because of the Sinaloa Cartel ? When I was 19 or 20 years old I was threatened by an East Coast Cop and a few pedophile U.S. Marines that they wanted to "Cut my nose off and cut my head off so I couldn't legally prove I am the person in the picture on my California ID Card" because I caught them growing opium poppies and being members of the Blood Criminal Syndicate. Then I was a victim of doppelgängers from 2008 onward. I feel that the U.S. Military doppelgänger was going to have me murdered / put in caustic soda / sodium hydroxide to dissolve my body and he was going to slowly take over my identity.. either him and or the other doppelgängers.

** None of my doppelgängers are in the Nazi Lowrider Car Club.. none of them are related biologically to me or to anyone in my biological family in any way shape or form including my father the founder of the Nazi Lowrider Car Club.*

** None of my doppelgängers came out of my Nazi Lowrider mother's womb.. and she is a founding member of the Nazi Lowrider Car Club and the Nazi Lowrider Prison Gang / Street Criminal Syndicate.*

** None of my doppelgängers are related to my biological father who started the Nazi Lowrider Car Club of Kern County, Southern California and Los Angeles County, Southern California. This is probably what the U.S. Government knows about me.*
